To prospective SCORE sponsor:

In less than two years, our local SCORE organization went from branch to chapter status, held two workshops and counseled more than two dozen potential new business owners.

Now that we are established, we know that we can do so much more to create businesses and jobs in this region. And, if we create more businesses and jobs, your company stands to gain. We need your help to make this happen. Our chapter is seeking sponsors who will allow us to grow and help more businesses. With your sponsor dollars, we will:

- Increase the number of workshops we provide to the business community to help them start or grow their business.
- Spread the gospel of SCORE to attract more clients with a more aggressive marketing campaign using traditional media, social media and other avenues.
- Maintain operations with a dedicated phone line, brochure racks, etc.

As a sponsor, you will have unique opportunities that will enhance your company's image and put you in a position to attract new customers. Your sponsorship dollars will:

- Get your name and/or logo on the home page of the chapter's website.
- Get your name and/or logo on signage displayed at workshops.
- Get your name mentioned at all of the workshops.
- Allow you to let your customers know you are a SCORE sponsor.

We hope you will seriously consider a SCORE sponsorship that will allow us to serve more clients, grow the local job base and provide you with another means to market your company. A sponsorship in the range of \$100-\$500 would be most appreciated. SCORE is a non-profit organization and your sponsorship might be tax deductible. Please check with your accountant. Below is a form to complete and mail with your check. Thank you in advance for your consideration.
